

INSTALLATION MANUAL
GLASS WALL V762 - TALAMANCA

Required tools

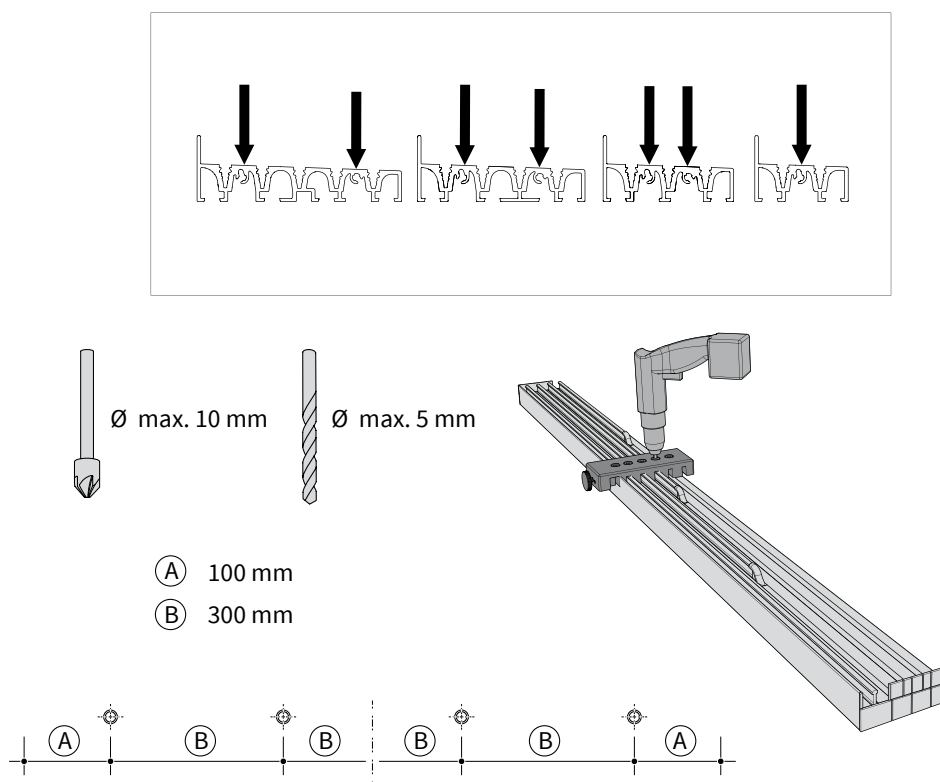

Important before mounting

General warning

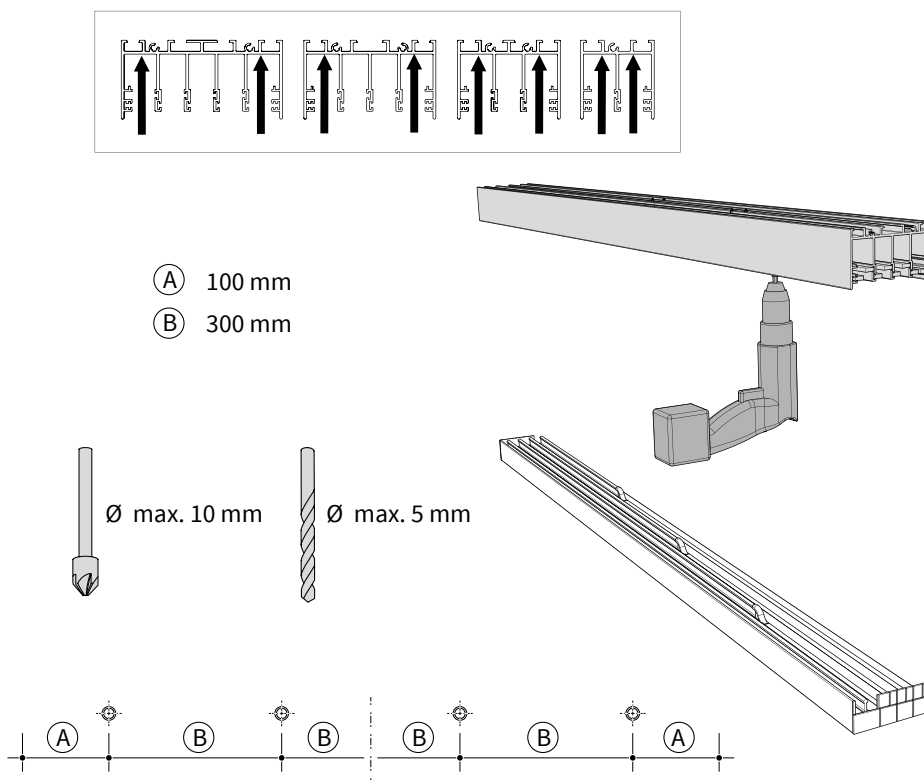

Mounting the Verano® product yourself is at your own risk. Only use this instruction as a tool and for the mounting of this specific Verano® product. If you cannot install the product yourself, you can always opt for professional mounting. The mounting team of Verano® is pleased to help you.

- Be careful for damages. Don't use a knife or any other sharp object when opening the packing. This may cause damage to the content of the assembly. Put the content of the assembly on a soft surface.
- Be careful when drilling, falling drill cuttings can cause damages.
- Clean, degrease and dry off the sides of the opening wherein the glass wall will be installed.
- Remove all the dust, loose plaster and other unevenness for a perfect closure.

Operating

Unlock the opening panel and move it aside.

The built-in carrier pushes the individual elements easily aside.

Large openings possible when opening the elements.
